## ALUMNI SUPPORT

Your participation in the Civil Engineering Alumni Golf Outing will give additional support for laboratory improvements, computer upgrades, student projects, field trips and faculty development.

By supplementing university funding with departmental resources, we can continue to improve the education of tomorrow's civil engineers.

Trine University will consider your entry fee, minus meal cost and golfing fee, as a charitable gift to the college. This gift is eligible for a federal tax deduction and Indiana tax credit.

If your company matches employee gifts to colleges, you might be able to double your donation to Trine University. Ask your personnel director for more information.

On behalf of the students, faculty and staff of the Reiners Department of Civil & Environmental Engineering, we thank you for your continued support.

**REGISTER NOW**  
and join in all the fun and prizes!

## APAI MEMBER AND SUPPLIER SUPPORT

The Asphalt Pavement Association of Indiana (APAI) is pleased to hold its fourth annual Trine Civil Engineering Scholarship Fundraiser in conjunction with the Trine University Civil Engineering Golf outing on July 10, 2015.

The goal of this event is to support the university's expanded involvement in the asphalt industry and to fund scholarships for undergraduate civil engineering students.

Last year, **\$7,400** was raised and three Trine undergraduate students were presented with scholarship awards. APAI proceeds from the APAI/Trine golf fundraiser will be presented to Trine students at the APAI Winter Conference. More information is available at [www.asphaltindiana.org](http://www.asphaltindiana.org).

APAI is a statewide trade association formed in 1959 and represents nearly 70 companies involved in the asphalt pavement industry in Indiana. Members are asphalt producers and laydown contractors, asphalt binder suppliers, and various equipment dealers, consulting firms and business service providers.
